

CHANGES URGED IN STATE LAWS IN MANY WAYS

Judge Robinson Issues An Open Letter to Legislature of 1921

"CUT DOWN BUREAUS"

Would Limit Expenses and Eliminate Politics from State Industries

Drastic changes in state laws are urged by Justice J. E. Robinson, of the supreme court. Nonpartisan, in an open letter addressed to the legislative assembly.

In addition to demanding a revision of laws regarding state industries and reduced valuations, Justice Robinson asks a repeal of the present highway commission and motor vehicle acts with a motor vehicle tax imposed in lieu thereof; an act radically changing the workmen's compensation law, and reduction of appropriations for the state educational institutions. Justice Robinson also asks repeal of the annual tax of \$15 on lawyers. His letter follows:

"Compliments of Judge Robinson" To the Legislative Assembly of 1921: Gentlemen:

In accordance with my best judgment, I beg leave to advise you that with some few exceptions, all the tax laws of the past three years should be repealed. So far as it is possible it is high time to throw off the grievous burdens of taxation, to break every yoke and let the oppressed go free. It is time to reduce by fifty per cent all the assessments, appropriations and tax levies. The tax burdens have become grievous and wholly inexcusable. Boards and boards, bureaus and bureaus have been created for the doing of this and that, and in every case the overhead expenses had been ruinous and enormous. In the public service and in the expenditure of public money there is neither common business efficiency nor economy. One remedy is to cut down the assessments, appropriations, to reduce the number of boards and bureaus and to limit the expenses.

Here is the short title to some acts commended for passage:

- (1) An act to provide for the organization of each state industry under a corporate control, with public capital and private capital, public directors and private directors, so it may be truly efficient and not in any way a political factor.

Reduce Assessments

- (2) An act to reduce all assessed valuations for 1920 and to have all tax levies on the reduced valuations.

- (3) An act to repeal the highway commission and motor vehicle acts: Ch. 131, Laws, 1917.

- Ch. 141, Laws, 1919.

- Ch. 182, Laws, 1919.

- Ch. 44, Special Session, 1919, and all acts imposing a motor vehicle tax; and in lieu thereof, to subject such vehicles to assessment and taxation the same as other personal property.

- (4) An act to amend the workmen's compensation or insurance act by classifying hazardous employments and fixing the insurance rates on the same and limiting the expenses of the bureau.

- (5) An act to provide the manner of conducting industrial enterprises by cities and counties in accordance with the recent constitutional amendment permitting the state and any city and county to engage in any industrial enterprise or business.

Repeal Inspection Law

- (6) An act to repeal Chapter 6, Laws, 1919, being an act for the licensing and inspection of pool halls, theatres, etc., and to permit each city and village to provide by ordinance for the inspection and licensing.

- (7) An act to repeal the income tax statute—Chapter 224, Laws, 1919—except so far as the same relates to net incomes in excess of ten thousand a year.

- (8) An act to limit the inheritance tax imposed by Chapter 225, Laws, 1919, to a uniform rate of one per cent.

- (9) An act to repeal so much of Chapter 69, Laws, 1919, as imposes on attorneys-at-law a special tax of fifteen dollars a year.

- (10) An act to reduce and limit the annual appropriations for the university, the Agricultural college and the Normal schools, and to authorize the same to charge each student a reasonable tuition fee.

Affecting Taxes

- (11) An act to repeal Chapter 219, Laws of 1919, creating the office of tax supervisor.

- (12) An act to reduce, simplify and limit the work and the expense of the tax commissioner's office, and to repeal all section 5, Chapter 213, Laws of 1919, the tax commissioner act.

The tax supervisors and tax commissioners have been too well disposed to magnify the duties of their office by increasing the assessments and tax burdens. The present system of taxation is ruinous. The state can ill afford to continue it.

December 21, 1920.

KLONDIKE FOOD SUPPLY PERILED

Dawson, Yukon Territory, Dec. 23.—The entire food supply of this section of the Klondike region was endangered by a fire in the store of the Northern Commercial company yesterday.

The fire department assisted by volunteers extinguished the blaze, working under difficulties with the temperature at 30 degrees below zero.

FARM INDUSTRY ORGANIZATIONS PLAN MEETING

Half Dozen Organizations Will Gather at Convention in Fargo

COOPERATIVE SOCIETIES Seed Contest to Be One of Features of the Conference

Fargo, N. D., Dec. 23.—More than half a dozen organizations connected with the farming industry will hold their annual meetings in connection with the twenty-second annual meeting of the North Dakota Stock and Grain Growers' convention, to be held in Fargo January 18 to 21, inclusive, of which the convention announced today, while several shows, exhibitions and sales will be held at the same time.

The North Dakota Improved Seed Growers Association will hold its annual meeting, and seed and potato show during the convention days.

The North Dakota State Poultry Association will hold its annual poultry show. The Fargo Manufacturers' Association is planning to hold its annual home products show during the week. A northwest breeders' consignment of cattle and hogs will be held. Other organizations that will hold their annual meetings during the week include the Equity Co-operative Exchange; the Equity Co-operative Packing Company; the North Dakota Potato Growers' Exchange; the Association of Farm Managers; and the N. D. Potato Growers' Exchange.

The Equity Co-operative Exchange will hold its session during two mornings of the convention days, while provisions as to time and place of holding the other annual meetings will be arranged.

An inspection of the warehouse where the North Dakota wool pool is being stored is planned for one afternoon. A demonstration in wool grading also will be held. One afternoon is to be given over to the women, with a women's program that will include a woman speaker from the federal department of agriculture. A farm bureau program will be given one afternoon with addresses by Dr. E. F. Ladd, president of the agricultural college, and a member of the American Farm Bureau Federation's wheat marketing committee of seventeen, and U. L. Burdick, Williston, N. D., president of the State Federation.

The seed contest is held on an entirely new line this year, and will be seed sample exchange contest, with the exhibitors themselves furnishing the prizes, thus increased size of the samples the winner in one class will be entitled to a sample of seed entered by the winner of the corresponding prize in another class.

Mer of international note who are attending in many cases the meetings of the various associations will address the Tri-State convention. They include President John Bracken of the Manitoba, Canada, Agricultural college, Dr. John H. Worst, Bismarck, president of the association, will make an address the first day of the convention. The other officers are Gordon W. Bandlett, Fargo, vice president, and W. C. Palmer, Fargo, Secretary.

TRIBUNE DESIRES TO PRINT PROGRAMS OF ENTERTAINMENTS

The Tribune is desirous of printing the Christmas programs of the schools, churches and societies. Some have appeared, and many others will appear tomorrow afternoon. The Tribune desires to print the usual Saturday night notices tomorrow as there will be no paper issued on Christmas day. Representatives of societies are asked to bring programs to The Tribune office.

LISBON STORES BURNED DOWN

Damage Estimated at \$76,000 Caused By Fires

Lisbon, N. D., Dec. 23.—Fire, starting from an overhead stove in the John & Frisberg store, at 12:30 a. m. yesterday, destroyed that structure and three other business houses with loss estimated at \$76,000.

TEXANS WOULD BLOCK JAPS IN COLONIZATION

Brownsville, Tex., Dec. 23.—Following the announcement of the sale of about 25 acres of land near Harlingen, Cameron county, to Japanese, for a colonization of about \$75,000, a mass meeting was held in Brownsville last night at which the subject of excluding Japanese colonization from the lower Rio Grande tract was discussed. The meeting adopted resolutions endorsing a bill which is planned to be introduced in the next legislature to prevent Japanese colonization of this section.

BITTER FIGHT ON TARIFF BILL

Washington, Dec. 23.—A bitter fight was forecast today as the house took up the emergency tariff bill under a rule limiting debate to three hours.

Chairman Fordney of the ways and means committee, announced it was his intention to seek passage of the bill before adjournment tonight.

Youthful Convict to Eat Christmas Dinner at Home

Buy Weber, 18, will exchange the shelter of the North Dakota state penitentiary for that of his own kin on Christmas day, through extension of clemency by the state pardon board.

Young Weber was ordered released from the penitentiary in time to reach St. Louis on Christmas day, where a waiting mother and sister will welcome him. He is going today, carrying with him the memory of a father who died in the state prison, of the penitentiary.

The young man passed his freedom in part to the perseverance of his sister, who began her efforts to gain his freedom months ago. Weber's story is one of the boy thrown into a bad company, members of

GIRL GIVES UP COURT CUTS AND WILL FACE MURDER CHARGE

Clara Smith Enters United Gas, Electricity and Steam Rates States From Mexico and Sleeps at Home

STATEMENT OF FATHER WANTED BIG RAISE

Tells of Flight of Girl Into Payments Made During Last Mexico and of "Miracle"

El Paso, Tex., Dec. 23.—Clara Barton Smith slept under her parent's roof last night, ending a search by Oklahoma officers which began on Nov. 22. Miss Smith came to Juarez, opposite here, last night, surrendered to Sheriff Buck Garrett, of Ardmore, Oklahoma, and was taken to the home of her father, James L. Smith, of El Paso, where she spent the night.

Today, if her condition permitted, she was to be taken aboard a train for Ardmore to plead to a murder charge in connection with the death of Jake L. Hamon, wealthy oil operator, and Republican political leader.

She was met at the station in Juarez by the sheriff, her uncle, Ben F. Harrison, and attorneys who had been engaged as her counsel. There was a short greeting and consultation on the platform and then the party was whisked across the international bridge to El Paso.

Tells of Flight

Mrs. Smith's father supplied the only information given out regarding her flight from Juarez to Chihuahua City.

"A man she met on the train from Juarez to Chihuahua, must have been heaven-sent, he declared.

"She had never seen him before. They did not even talk the same language. He approached her, knowing she was in trouble, and volunteered to shield her and Clara repudiated her trust in him. He guarded her as carefully as she were his own child. I believe a miracle. I believe God guided that friend to her in that hour of need."

The "friend" was a Chihuahua official, the father said, who took Clara to his home and his wife became Clara's champion. The official policed his estate with private detectives to keep her safe and not even her own brother, Jimmy, 19, could approach until he had thoroughly established his identity.

Broken in Health

"Clara is broken in health," the father said. "Her mother and I can't force it. Gone is her vivacity, her quick, little movement and ready laughter. The strain has been too much for her. The ordeal is not over yet. I hope God gives her strength to endure all that is yet to come. You know, to us, Clara is only a baby. We are glad she is home. After all this is over she is going to stay with us."

When asked for an interview Miss Smith said she wants to give her story to the Associated Press but she was too tired last night. Later her attorneys announced that they had advised that she give out no further statement because of the charges against her.

GRONNA, NORTON JOIN IN COAL ORGANIZATION

Senator A. J. Gronna and former Congressman P. D. Norton are among the incorporators of the Bakula Coal company, of New Salem, which plans to mine on an extensive scale.

The articles of incorporation of the company include provisions that the company may engage in the manufacture of dyes, and other products. The capital stock is \$825,000. The incorporators are: P. D. Norton, Mandan; A. J. Gronna, Lakota; F. L. Anders, Fargo; Wm. Mass, Mandan; C. F. Kelech, Mandan; Charles Peterson, New Salem; Hugh Egan, Fargo. The home office of the company is at New Salem, where it plans development of property.

All Dodge Home of Leper Victim

The state board of health has a problem on its hands today.

The father of Mrs. Hovist, "the leper of Crystal Springs," died, and, according to word received by President Langer of the board, no one will undertake to bury him because he has been living in the same house as his daughter, who is said to be in horrible condition from leprosy. The local authorities reported to the county auditor of Kidder county and he appealed to the state board. Arrangements will be made to bury the man.

FARGO RATES IN DECISION

Clara Smith Enters United Gas, Electricity and Steam Rates States From Mexico and Sleeps at Home

STATEMENT OF FATHER WANTED BIG RAISE

Tells of Flight of Girl Into Payments Made During Last Mexico and of "Miracle"

Fargo, N. D., Dec. 23.—Under a decision announced yesterday, the surcharge of 25 percent levied upon consumers of gas, electricity and steam in Fargo by the Union Light, Heat & Power company, is set aside as null and void.

Payments have been made by consumers are ordered returned within 10 days.

The decision affects also increases made by the Red River Valley Power company at Grand Forks, and the Northern States Power company at Minot.

It was held in the decision, which is by Judges C. M. Cooley, A. T. Cole and M. J. Eaglet of the first district, that the order of the state railroad commission granting the surcharge is null and void for the reason that the railroad commission did not act in a lawful manner in issuing the order; that no meeting was held by the commission at which any order for the increase was formally approved.

Grants Injunction

The court grants an injunction, temporarily, but in fact the opinion settles the main case, in that the whole question was tried out in the suit for the temporary injunction.

The case involving the surcharge in Fargo is known as the State of North Dakota, ex rel Wm. Lemke, attorney general, vs. the Union Light, Heat & Power company, and the case at Grand Forks is known as that of the city of Grand Forks vs. the Red River Power company.

The increased rate at Minot was not at issue in these two cases, but the facts surrounding the increase granted to the Minot company are identical with those in the Fargo and Grand Forks cases.

The Grand Forks and Fargo case were consolidated recently for the purpose of expediting the issue, and the whole question was submitted to the three judges of the first district at a hearing recently held in Grand Forks.

The surcharge has been in force since Sept. 1.

May Attack Other Rates

It is rumored that action attacking recent sharp raises of rates by utilities throughout the state will be attacked vigorously by state authorities who contend that present utility in prices do not warrant any utility increases.

ORDER RAISING OF RAIL FARES

Minnesota Passenger Rates Are to Go Up

Washington, Dec. 23.—Passenger fares in Minnesota were ordered raised to such levels as of such tariffs in interstate commerce in a ruling handed down by the Interstate Commerce commission.

The same action is to be asked of the Interstate Commerce commission on North Dakota railroad fares, according to representatives of railroads, who announced that they would take this action if the state railroad commission refused to permit fares to be raised.

EIGHT MILLION TAX MELON CUT

Duluth, Minn., Dec. 23.—County Treasurer George H. Vivian split up \$8,709,931 tax melon when he mailed out warrants for the various town, village and school tax districts of the county. The total tax collections for the year have been \$20,592,724 out of \$20,797,134 taxes levied for all purposes in St. Louis county last year.

ABANDON HOPE FOR AERONAUTS

Ottawa, Ontario, Dec. 23.—Government agencies today received official instructions to aid in searching for the United States naval balloon which floated away from Kookaway Point, Dec. 12, on an endurance flight. Officers at the Rockaway naval air station on Long Island yesterday reluctantly expressed the opinion that the three naval aeronauts in the balloon had perished.

Admiral Joseph S. Strauss succeeds Admiral Clegg as commander of the U. S. Asiatic fleet.

LATE SHOPPERS RUSHING ABOUT TO GET GIFTS

The Early Shopper Is "Sitting Pretty" as Others Hurry to Stores

GIFTS FOR THE NEEDY

Salvation Army Fund Grows—Community Christmas Tree Erected Today

With one more shopping day left before Christmas the Christmas giver who had done his shopping early was thinking today of Christmas dinner. The steady stream of visitors through the stores today indicated that there were hundreds who yet have purchases to make before Christmas eve.

The Salvation Army is busy engaged in preparations to care for all needy cases at Christmas time. The Army gives an entertainment tonight at the Citadel on West Main street for children of the Salvation Army Sunday school and other children. A big Christmas tree will be brilliantly decorated, and gifts, ranging from candy to shoes and stockings will be given to the children.

The Christmas baskets of the Army will be delivered tomorrow morning. It was estimated today that there are probably 50 families who will receive gifts through the Army, and many children. Though no direct appeal has been made for funds, many voluntary contributions have been made.

\$200 is Cash

The cash fund amounts to probably \$200 thus far and articles of food and clothing of value have been given. The actual needs are estimated at \$500, in cash or in equivalent. The schools of the city have made their annual donation of food, which is to be put in the Christmas baskets.

The Rotary club has taken over the giving to several families, and the Eastern Star prepared six baskets, containing candy, food and presents.

Tree Erected

The Community Christmas tree was erected in the Northern Pacific park today at the Town Center. There will be no program around the tree, but it will be lighted at night with various colored electric lights and is decorated with tinsel, the trees were found in easy jobs, difficulty being experienced in getting help. So the committee, with R. B. Lohme as "director general of operations," Spencer Boise, C. F. Bolt, Phil Meyer, Theodore Quander and a few others as aids, carried the tree to the Northern Pacific park and placed it in position. Christmas carolers will sing through the streets of the city tomorrow night.

Christmas programs are being held in the schools and churches, most of them tomorrow. Some of the programs have appeared in The Tribune and many more can be found in this issue.

Several lodges have pledged aid in the Christmas seal sale of the anti-tuberculosis society. Of those who have pledged aid, the Masons and the Eastern Star have each purchased \$25 worth of seals.

AMERICAN LOAN IS REJECTED?

London, Dec. 23.—The Armenian Soviet has annulled all foreign loans, especially the American loan, which Armenian workers have been toiling to repay, says a wire from Constantinople.

TEXANS LYNCH WHITE KILLER

Fort Worth, Dec. 23.—Tom W. Vickery, white man, held on a charge of murder in connection with the killing Monday night of Policeman Jeff Couch, was taken from the county jail shortly after midnight by a mob and shortly thereafter shot to death.

PENSION BILL 14 MILLION LESS

Washington, Dec. 23.—The annual pension bill was reported out today by the House appropriations committee. It is estimated that the bill will cost \$14,000,000 less than the \$28,000,000 estimated for this year. The bill is expected to be passed in the next few days.

TARIFF RELIEF ACT IS PASSED BY THE HOUSE

Bill Faces Bitter Fight in the Senate, and May Be Defeated

FOR AGRICULTURAL AID

Party Lines Are Broken Down in Long Debate in House Over Measure

Washington, Dec. 23.—The first volley in the fight against the emergency tariff in the senate was fired today by Senator Harrison, of Mississippi, when he demanded a roll-call and then objected to the custom of dispersing with it and delayed its submission to the committee until next week. Senator McCumber, acting chairman of the Finance committee, said the bill would not be taken up by that committee next week. He said no hearings would be held.

Washington, Dec. 23.—Despite the more than 100 majority by which the Fordney emergency tariff bill passed the house last night many proponents of the measure today said they were almost convinced it would either be defeated or radically amended in the senate.

Although party lines were virtually swept aside in the house where the vote was 196 to 84, it was not believed this would occur in the senate, where the majority is smaller.

The measure, designed to protect more than a score of agricultural products for a ten-month period, was passed after eight hours strenuous debate.

It was evident long before the vote was taken that supporters of the measure designed to protect farm products had the situation well in hand. Rep. Rainey, Democrat, of Illinois, made a bitter attack which increased in intensity as the fight went on.

Paragraph by paragraph he assailed the measure while the Republicans with louder roars of "noes" sent his proposed amendments down to defeat. A few Republicans supported him in his attacks but a score of his own party turned from his stand to their traditional stand against a high tariff to join the majority.

Class Legislation

Opposition speakers charged the measure would send the cost of living higher and branded it as class legislation.

Chairman Fordney of the ways and means committee, which reported the measure in opening the debate, declared the measure was not scientific and said it was hastily drawn and that it would bring needed relief.

Garrett Sees Politics

Representative Gardner, Democrat, Texas, speaking in support of the bill, said he felt it was the only way in which Congress could extend relief so urgently needed by the farmers. Representative Madden, Republican, Illinois, however, assailed his colleague "for opening the way to a renewal of prohibitive costs."

Representative Garrett, of Tennessee, said he saw in this bill a "determined effort to divide the Democratic party, to make members of that party to turn their backs on every principle of taxation for which the party has stood in its whole history."

DECLARES WAR AGAINST ITALY

d'Annunzio Forbids Population of Fiume to Leave City

London, Dec. 23.—Gabriele d'Annunzio has proclaimed that state of war exists between his Fiume government and Italy and has forbidden the population of Fiume to leave the city, says a Rome dispatch from the Exchange Telegraph.

The proclamation, says the Central News correspondent, says that anyone speaking against d'Annunzio is liable to be shot.

BIG PLANT AT FARGO RUINED

Fargo, Dec. 23.—Loss by fire in the destruction last night of the Huber Manufacturing company branch in Fargo was placed today at \$103,000 by officials of the company.

SOUTH DAKOTA HAS HUGE CROP

Watertown, S. D., Dec. 23.—South Dakota produced 235,881,600 bushels of grain this year, 34,000,000 more than in 1919 and 5,670,000 tons of hay, 1,500,000 tons in excess of last year's crop, says the report of the United States department of agriculture field agent made public here.

RYE ACREAGE IN SLUMP, FIGURES OF EXPERT SHOW

Fargo, Dec. 23.—The acreage of winter rye in North Dakota this year is estimated at 624,000 acres, compared to 1,540,000 in 1919 and 1,540,000 in 1920, according to a report of the United States department of agriculture field agent. He fixes the reduction at 59 per cent.

GRAIN SALES LIMITED IN PROPOSED BILL

Minnesota Purposes to Direct Marketing of Farm Products Thru Legislation

St. Paul, Minn., Dec. 22.—Dealing in future is declared "a gambling contract punishable by a fine for the first offense and by a jail sentence for other offenses in a bill prepared by the House committee of ten for introduction at the coming session of the Minnesota Legislature. Provisions of the bill as formulated in the first draft were made public yesterday by Representative R. A. Wilkinson, chairman of the Committee. At the same time Representative Elias Nordgren, a member of the same committee, made public a bill providing for an audit of the books of co-operative associations.

Provisions of the so-called "Futures" bill follows:

FIRST—Every contract of sale for future delivery of wheat, grain or other farm products is declared to be a gambling contract, therefore, illegal.

SECOND—Every such contract is declared prima facie a gambling contract when the seller does not have in his possession actually or potentially the commodity sold.

THIRD—Any party to such gambling contract, on conviction, may be fined from \$500 to \$1,000 for first offense and must serve from thirty to ninety days in the county jail for each succeeding offense.

FOURTH—Chambers of commerce or boards of trade are prevented from imposing any penalty on any member who fails or refuses to live up to the terms of such a contract.

FIFTH—The act is not to be construed as preventing elevators or mills from buying or selling grain in good faith for future delivery, the practice that is known as "hedging."

Introduction of the bill is certain to precipitate one of the bitterest fights of the coming session. Its preparation was ordered at the recent session of the House committee of Ten with a similar committee from the Senate, named to draft legislation to remedy farm products marketing conditions.

Indorsed by Farm Bureau

"The principle of this measure has been indorsed by the Minnesota Farm Bureau federation and by the national organization of that same body," Representative Wilkinson said.

"There will be some revision of the draft before it is submitted to the full membership of the House-Senate committee. I expect some more teeth will be put in it."

"Say it with Flowers"

Flower Gifts are always appreciated, and appropriate to send anyone. They represent the cheerfulness and the sentiment that other gifts cannot give.

NORTHERN

When You ask for

BUTTER

Just Say (NORTHERN)

The Nordgren measure would require the state commissioner of agriculture to assist co-operative associations organized under the Minnesota law to install a uniform system of accounting.

The agricultural commissioner then is required at least once a year to have the books of such associations examined by a competent accountant. A report shall be filed with the commissioner and a copy furnished to the association.

Provides Additional Exams

Additional examinations shall be made on a written request signed by a majority of the board of directors or by 10 per cent of the members of such co-operative association.

Expense of the examination is to be paid by the association examined, a fee of \$10 a day being allowed for the accountant, the total cost to be paid to the department of agriculture to the state treasurer. The account and by the department turned over and will be paid by state warrants.

The Big Cheese Is Here

The largest cheese ever exhibited in Bismarck—a soft, smooth, rich, full cream cheese, having all the appetizing flavor, richness and creamy consistency that comes with right making and right curing.

It requires ten pounds of pure, rich milk to make one pound of good cheese—and Monarch cheese is the finest produced in America. It is made from the milk of prize dairy cows, on model farms, where the meadows and the milk are always rich and fine.

A cow will give an average of twenty pounds of milk per day. On that basis, this Monarch Blue Ribbon giant contains the milk given by 1,000 cows in one day.

The larger the cheese the finer the flavor. We are now booking orders for this tremendous cheese which will be cut and delivered Wednesday, December 22. Leave your orders now.

WHO HOLDS THE LIBERTY BONDS, CONGRESS ASKS

Proposal Made to Take Measures to Put Them at Par Value

QUESTION; WHO'D BENEFIT

BY H. B. HUNT
Washington, Dec. 23.—Congressmen are trying to find out who holds the twenty-four billion dollars of Liberty and Victory bonds.
Whether the bulk of these bonds are still in the hands of the original purchasers, or have been bought up below par by wealthy investors and speculators, will determine the congressional attitude on the proposed general refunding of these issues into one 50-year, tax exempt issue.
A determined attempt is to be made for the adoption by the Republican Congress which will meet in March of a radically different financial policy from that adopted by the Democrats.
On the surface, the change is declared desirable in order to put Liberty bonds at par. This, many believe, would relieve the credit situation.

Underlying Reason
The underlying reason, however, is that by extending the maturity of war bonds to 50 years, instead of the less than twenty years they now have to run, a much smaller sum would have to be provided from taxes each year for the sinking fund.
This would make possible immediate relief in taxes, promised by the Republicans (which otherwise will be an outlook).

Senator Frelinghuysen of New Jersey, one of President-elect Harding's closest friends, has pending a refunding measure which he will resubmit at the special session.
The Frelinghuysen bill authorizes a \$25,000,000,000 issue of 3-1/2 percent bonds, maturing in 50 years, "exempt from all taxation except estate or inheritance taxes."

The bonds would be issued in exchange for Liberty or Victory bonds, treasury certificates and war savings securities.

As a member of the Senate Banking and Currency Committee Frelinghuysen will be in position to push his proposal.

Empiricism will be placed on the advantage to the public of having its Liberty bonds placed at par.

Opposition's Argument
Opponents of the refunding proposal, however, declare this is merely a "snake" ruse to hide the desire to provide capital with a safe tax-free investment and to help speculators and bankers who have bought bonds at a heavy discount cash in immediately at a big profit.

All the bonds will be redeemed at maturity at par, these opponents hold out. Hence the man who is holding his bond as an investment is in no way affected by any temporary depression in their quoted market price.

To put war bonds at par, by a general refunding issue, would not repay patriotic purchasers forced to sell at losses. It would, however, immediately give an unequaled profit of from 10 to 15 per cent to the persons who bought these bonds at a discount.

Secretary of Treasury Houston opposes any general refunding move.

ICE CREAM DOES NOT MAKE A BIG HIT WITH FRENCH

Minneapolis, Minn., Dec. 23.—The French are not very apt in the preparation of ice cream sodas and sundaes and the American still is in a class by himself in preparing ice cream menus, according to Miss Freda Hainert, formerly of this city and who now operates the first American soda fountain in Paris.

Miss Hainert recently came here to visit her parents and will return to France in a few weeks.

"The quality of French ice cream is very poor," Miss Hainert declared, "and the French don't understand the use of fruit syrups in sodas or sundaes."

The people of France are slow eaters, Miss Hainert said, and take unusually long lunch periods. The French business houses close at noon while the employees take two hours for lunch.

"The French will enter our shop, sit down at the table and will order an ice cream soda, a sundae and a banana split all the same time just to see what they are like," the soda fountain proprietress explained. "They have no conception of how much ice cream they can eat."

The greater part of her trade according to Miss Hainert, is from tourists, mostly American. A large number of foreign business men visit her establishment also, she said.

She began last February by Miss Hainert. Now, she said, the place is full enough.

Recommended to School Children
This is the season when children are subject to croup, colds and coughs. Anna C. Marchant, 35 Lawrence St., Salem, Mass., writes I used Foley's Honey and Tar with good results. I had a very bad cold and it gave me relief at once, so I recommend it to every child that goes to school. This standard, low priced medicine loosens and clears the mucus and phlegm, checks straining coughing, makes easy breathing, soothes and calms raw, inflamed membranes, and stops tickling in throat. Adv.

NO SLUMP BUT MERELY SHOCK TO BE REACTION

Foreign Trade of United States Show Big Increase Over Former Years

Washington, Dec. 23.—The United States has been made the heart of the world's business by the westward trend of commercial affairs and has reached the stage in its industrial and commercial development where the maintenance of foreign outlets is necessary to continued domestic prosperity, declared R. S. MacElwee, of the bureau of foreign and domestic commerce of the Department of Commerce, announced today in his annual report.
Declaring that the present stagnation in the business world was only a temporary phase insofar as this country is concerned, Director MacElwee urged that the development of foreign markets be taken up with renewed vigor.

Our foreign trade in the fiscal year of 1920, with a total value of \$13,349,661,401, was larger than in any previous year," he said. "It exceeds by \$2,000,000,000 the former high record in 1919, and was more than twice the value of the combined imports and exports in 1914."

Many people are more interested now than they were a year ago in foreign commerce. There were a few firms who had the foresight to take out life insurance while they were in good health. Others now wish they had done so. The only real insurance that will spread the risks of a depression between the crests of the waves of domestic demand is the holding of a substantial quota of the foreign product for foreign commerce and the building up in the world of a selling organization and clientele that will not necessarily fluctuate with the waves of demand at home.

A depression regularly follows a great war, and its time of occurrence may be estimated, from historical analogies, as about two to three years after the close of hostilities. We are not going to have a panic in the United States, but we certainly feel the kind of reaction that the surges of war bring after the operation.

BERRY TO LEAVE
J. A. Berry, of the office of the ex-commissioner, who has been prominent in politics in Billings county, has resigned his position, effective the first of the year. He will return to Indiana, his former home, for a visit before taking up more active work.

WOULD GOVERN GRAIN 'CHANGE
Minnesota Bill Would Give All Right to Trade

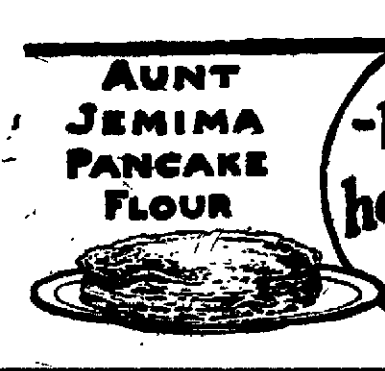

St. Paul, Dec. 23.—A bill declaring the chamber of commerce, boards of trade or exchanges, where members deal in grain and livestock and other farm products to be public markets and providing for the regulation of membership thereof and the right of

members therein has been drafted by the legislative agricultural committee.

The bill provides that every such market heretofore or hereafter shall be open to membership to any firm, person or corporation desiring to do so in such commodities who shall make application and whose methods shall not conflict with any reasonable rule or law shall be admitted.

CHURCHES GIVE ENTERTAINMENTS THIS EVENING

Presbyterian and Swedish Lutheran Church Announce Programs

OTHERS ON CHRISTMAS EVE

The Christmas service of the Presbyterian church and the Swedish Lutheran church exercises are among the entertainments planned for this evening by churches and societies of the city, observing the Christmas season.

Many programs will be presented tomorrow. The Tribune invites organizations to send programs in for use tomorrow, and urges that they be sent to the office yet today or early in the morning.

The program for the Presbyterian service is as follows:
Processional—Mrs. G. Menard Hughes.
Hymn, "Joy to the World"—Congregation.
Scripture, Luke 2, 8-14—School.
Prayer—Pastor.
Prayer Response—Juniors.
Solo—Norma De Val.
Beginners Song—"Away in a Manger."

Legend, "White Gifts for the King."
Margaret Mowry.
Primary Song, "Silent Night."
Christmas Story—Shirley Renner.
Junior Song, "A Little Town of Bethlehem."
Quartette.
Recitation—Gail Wilson.
Offering—The bringing of the gifts to the manger.
Hymn—"Hark the Herald Angels Sing"—Congregation.

Swedish Lutheran Church
The Christmas service of the Swedish Lutheran church will begin at 8 o'clock this evening. An elaborate Yuletide program has been arranged by Miss Alfhild Alfton, which will be presented by the pupils of the Sunday school. A cordial invitation is extended to the public to join the church in celebrating the birth of Christ. The program follows:

Song of Christmas—Sunday school.
Scripture—Reading and Prayer—Rev. E. F. Alfton.
King of the Ages—Sunday school.
A Welcome—Laura Hanson, John Hamre, Mildred Dietz, Harold Barth, The King's Banner—Henry Barrot, Howard Wray.
The Orient Star—Elinor Hanson, Raymond Barth, Ernest Dralle, Fred Anderson.
The Christmas Story—Lloyd Knutson, Oliver Knutson.
Like Him Be True—Jacob Swenson.
Song—Miss Esther Hoover's class.
Then Shall Call His Name Jesus—Joe Anderson, Thelma Swenson, Loren Anderson.

Vocal Solo—Howard Wray.
Under The Christmas Star—Ellen Hoover, Edith Wray.
We Welcome Him—Paul Watz, Herbert Dralle, Hjalmer Swenson, Phillip Watz, Donald Larson.
Song—Intermediate Classes.
The Star That Leads—Rachel Swenson.
Stars—Henry Watz, Myrtle Hanson, Paul Larson.
All Shine—Florence Swenson.
Luther's Cradle Hymn—Harriet Dietz.
Snowflakes Softly Falling—Hilma Hamre, Gladys Barth, Viola Barth, Emil Watz.
We Love Him—Evel Engen, Gordon Engen.

KNIGHTS OF COLUMBUS

There will be a lecture and short program at the regular meeting, Sunday, December 26, at the K. P. Hall. All members are requested to be present.

J. P. WAGNER
Financial Secretary.

DIES AT AGE OF 83 YEARS

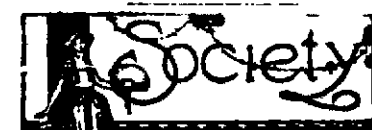

Mrs. Abigail Skinner Succumbs at Home of Daughter

Mrs. Abigail Skinner died at the home of her daughter, Mrs. H. P. Mickelson, 315 Park avenue, after a brief illness of three days. Advanced age is given as the cause of her death.

Mrs. Skinner was 83 years old. She came to the city from Michigan

years ago and has spent most of these years in Bismarck. She leaves to mourn her loss three daughters, Mrs. H. P. Mickelson, Mrs. A. E. Preston and Lena M. Smirner, besides several grand children and great-grandchildren. Funeral arrangements will be announced later.

Thank You Heavenly Father—Louise Dietz.
The Christ Child—Charles Swenson.
Song—Primary Class.
Saw Ye Not O Shepherds—Sunday School.
Address—Supr. C. C. Larsen.
Vocal Solo—Miss Esther Hoover.
Jude's Christmas Song—Elsie Dralle.
The First Christmas Carol—Mabel Knudsen.
Christmas—Olivia Hamre.
The True Christmas Spirit—Evelyn Wray.
The Crown of Bethlehem—Girl's Chorus.
Remarks—Rev. E. F. Alfton.
Anthem—Church Choir.
Closing Exercises—Sunday school.

COUNTY TEACHER MARRIED

A quiet wedding took place at the Presbyterian church Wednesday afternoon at three o'clock when Ralph H. Moore of Glencoe and Miss Rose H. Springer of Bismarck were united in Holy Matrimony by Rev. H. C. Postlethwaite who read the beautiful words of the ring ceremony. Mr. Moore is well and favorably known in his community and Mrs. Moore has been one of the successful teachers of Burleigh county for the past five years. Last year she was in charge of the Ft. Rice school and this year has been teaching the Manning school in Missouri township until she resigned to become a bride. After spending the holidays with Mr. and Mrs. P. J. Heltberg and other friends of the Ft. Rice Reservation they will move to Simcoe, N. D. where Mr. Moore will conduct a general mercantile business. Mr. and Mrs. P. J. Heltberg were witnesses of the marriage.

SPECIAL EDITION

A beautiful sixteen page "War Mothers' Edition" has been issued by the Bismarck County Gazette. The issue contains short histories of each War Mothers' chapter in the state, many photographs of individual leaders in the organization, and a statement of the national organization and history. The issue was under the direction of Mrs. Albert E. Jones, state war mother, of Lisbon, and is a valuable record of the work of the War Mothers of the state.

Including is a history of Fort Lincoln chapter of Burleigh county. Fifty copies have been allotted to members of the Fort Lincoln chapter and can be obtained at Web's department store. It is urged that War Mothers who desire to obtain a copy of the edition do so immediately, as the supply ordered is not large enough to provide one for each member of the chapter.

The local chapter, which expects a healthy growth during the next year, discussed at its last meeting a proposal to have a representative at the gathering of War Mothers which probably will be held overseas next summer.

MRS. REGISTER HOSTESS

Mrs. Dill B. Register, at her apartment in Person Court, is hostess this week to an interesting group of young college women. Miss Isabella Robinson of Seattle, accompanied by her husband, guest for the holidays, Miss Elizabeth Davidson of Los Angeles, California, spent Wednesday at home with Mrs. Register, returning to home last evening. Miss Robinson and Miss Davidson are attending Mount Vernon Seminary at Washington, D. C.

Last evening Miss Cora Manly, a college friend of Mrs. Register at University of Minnesota and previously at Stanley Hall, arrived from Minneapolis to spend the holidays with Mrs. Register. Miss Manly, whose father is in the government employ in the Philippines, spends most of the time in the United States, though she may go on to the Philippines later in the year. Her father returns to the United States only as official business for the government calls him.

GLEE CLUB ENTERTAINED

Following the entertainment given by the Hamline Glee club in the Auditorium last night, Miss Bergliot Caspary from her box at the concert, invited the Bismarck people to call at her home and get the hour before departure of their train for the west. Many friends of Miss Caspary accepted her invitation and dropped in at her home on Thayer street to meet the young men and to listen to the many delightful numbers sung by the club as they were grouped in the rooms of the conservatory. All were delighted with the pleasing personality of the young men and were glad of the opportunity of meeting the visitors in person.

TO MOORHEAD

Mr. R. Sherman Wright will go to Moorhead, Minn., to be present at a family reunion over the holidays. A brother, Lawrence Wright, and Mrs. Wright of Denver, Colorado will come on for the event and be joined by a sister, Mrs. Lillian Wright Torst and Mr. Torst of Chicago. Mrs. Torst is a soprano singer of some note in Chicago.

MRS. E. V. LAHR SURPRISED

A dozen friends of Mrs. E. V. Lahr dropped in at her home, 19 Avenue B, west, yesterday afternoon, the occasion being her birthday. A happy social hour was spent over the repairs, and on departing the visiting women presented a pretty memento of the birthday anniversary.

FROM INDIAN SCHOOL

An interested and appreciative party of young people at the Hamilton Glee club, composed of students from the Indian school, then twenty-eight young people, accompanied by an instructor, Mrs. Darnold, and the supervisor, drove in to attend the concert.

SONS HOME FOR HOLIDAYS

John Leonard, a senior in Dartmouth college and Richard J. Pershman in the same school, arrived in Bismarck Sunday night to spend the holiday season at the home of their mother, Mrs. Frank E. Shepard, at 5 Avenue B.

BIRTHDAY DINNER

Sixteen guests dined at the home of Mrs. E. V. Lahr yesterday.

WHY YOU ARE SICK WITH COLDS IN WINTER

Each year as winter completes the cycle of seasons the fact is borne home to us that man in his evolution has failed to adapt himself completely to environment and conditions.

Man was not content to stay where he could withstand climatic conditions in his natural state and migrated to more rugged climates. So today we and ourselves, when winter comes, driven to our homes which often are over-heated and improperly ventilated.

Follows then an endless round of coughs and colds, and influenza, which in a great many instances, are the result of our own actions. The way to resist these untoward conditions is to build up your bodily resistance. Chiropractic makes this possible by removing all pressure from the nerves which carry the life-giving force to all parts of the body.

(Established 1878)

THE BOY AND THE DRUM.
Day after Christmas the little boy to whom a drum was given will begin puzzling over the origin of its sound. Investigating the matter, he will open the drum a few days later, and, much to his astonishment, will discover it's all hollow inside where he thought the sound was.
His inquiry should not be discouraged by spanking, for there are few better moral object lessons for boy or man than a busted drum that made such noise.

Consider for a moment the defunct drum. It was a bright, sparkling thing. It filled the house with sound, until everybody was tired of hearing it. Then the boy opened the drum to look for the sound and found nothing!

Too many men are like the drum. They make a great sound in the world, the sound passes as the currency of thought; and the men are accepted as great in proportion to the sound they make.

But it is as true of men as of drums that the larger the vacancy inside the louder the sound produced, so that the base drum makes the biggest sound of all. (Grown folks, however, too seldom think of looking inside of two-legged drums.)

Boy, brush the dust off last New Year's resolutions.

WHAT'S IN A NAME?
Damascus is the name of the oldest city of the world, and it is a name to conjure with.

As you repeat it, there flows before you the world's history, for Damascus was old when history was born.

As you listen, you seem to hear the whirling of the centuries, the alluring rise and shattering fall of dynasties, the murmur of innumerable peoples and races, shimmering and fading away into the mists of unutterable pasts.

There is no let nor stay upon your imagination. Damascus the beautiful! The city of the two rivers in the midst of the desert, and therefore to endure forever.

It is related that when the prophet, Mahomet, came within sight of Damascus, he turned away and went back into the desert, saying that no man could enter Paradise twice, and he must choose the eternal paradise.

Damascus! Damascus! Damascus! Its name is redolent with the perfume of the ages and resonant of eternal romance.

Maybe Europe is sending her hordes over here to make room for the tourists.

IF THEY COULD SEE US

Emile Belot, vice president of the Astronomical Society of France, has been doing a little figuring. He finds that with light traveling at 186,000 miles a second it would take centuries for it to flash from the earth to the spiral nebula of Andromeda. How many centuries? Oh, about 6,000.

That's distance!

Astronomers now are photographing stars which ceased to exist before man made his first appearance on this earth. The light these stars made when they went out is still travelling with incredible swiftness toward the earth, but hasn't yet arrived. Reverse the viewpoint!

If men were on some of those distant stars with instruments strong and fine enough for them to see what is doing on this earth, they wouldn't see what is happening now. They would be seeing now what happened when man still was going about on all fours, before he learned to stand erect. Or they would be seeing the reptilian monsters which wallowed in the ooze before anything resembling men existed at all!

On some nearer stars they now would be witnessing the life of cities which have crumbled into dust. They would witness the building of the pyramids. On stars yet nearer this earth they would be watching Columbus start out on his voyage which resulted in the discovery of America.

If Wilson wants a Washington home he might trade with Senator Harding.

AN OLD LETTER

A sage is a wise, profound and learned man. Who remembers the sage of Monticello? That man was Thomas Jefferson, framer of the Declaration of Independence and once president of the United States.

Nearly a hundred years ago Jefferson took his pen in hand at the request of a relative and dictated a missive to a namesake, Thomas Jefferson Herah.

Smith. Sometimes it is known as "the rules of life," and this is what Jefferson wrote:
"This letter will, to you, be as one from the dead. The writer will be in his grave before you can weigh its counsels. Your affectionate and excellent father has requested that I would address you something which might possibly have a favorable influence on the course of your life you have to run. Few words will be necessary, with good disposition on your part. Adore God. Reverence and cherish your parents. Love your neighbor as yourself. Be just. Be true. Murmur not at the ways of Providence. So shall the life into which you have entered be the portal to our eternal and ineffable loss. And if to the dead it is permitted to care for the things of this world, every action of your life will be under my regard. Farewell."

Who will say that Jefferson's "rules" of a hundred years ago are not equally applicable this moment?

Tom was what might be referred to in the parlance of the street, "a wise guy." He was the fellow who suggested, too, that one put off not until the morrow what could be done today, as well as those other practical helps in every day life: "Never trouble another for what you can do yourself." "Never spend your money before you have it." "Pride costs us more than hunger, thirst and cold." "Nothing is troublesome that we do willingly." "When angry, count 10 before you speak; if very angry, a hundred."

Wanted: A mandate over Turkey at less than 60 cents a pound.

Income tax collectors are invited to find out if Dempsey really does divide \$500,000 with Carpentier.

According to some, watchful waiting was interpreted by the shipping board to mean wasteful botching.

If restaurants will sell five-cent coffee again they can keep on charging 15 for their nickel cigars without making many folks sore.

EDITORIAL REVIEW
Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

SO-CALLED PANAMA CANAL PROFITS ARE HUGE LOSSES

The way Government management does business and keeps the Panama Canal books shows for last year a profit of \$2,387,599. But if the United States Government, in behalf of the American people, managed the affairs and figured the financial results the way a private corporation, in behalf of its stockholders, has to figure its results and keep its books, the Panama Canal as a business proposition would look like a financial wreck.

As a matter of fact the difference between the operating expenses and the receipts of the Panama Canal—the aforesaid \$2,387,599—called by a wild flight of imagination profits, is only a drop in the bucket toward paying the fixed charges on the colossal bonded debt investment of the American people in the Panama Canal.

Including cost of construction, purchase of rights, annual payments to Panama, fortifications, &c., the American people had put into the canal, up to June 30, 1919, more than \$459,000,000. With nothing ever earned toward meeting the interest on that debt, not to mention payments into the sinking fund to extinguish the debt, the canal stands the American people today more than half a billion of dollars.

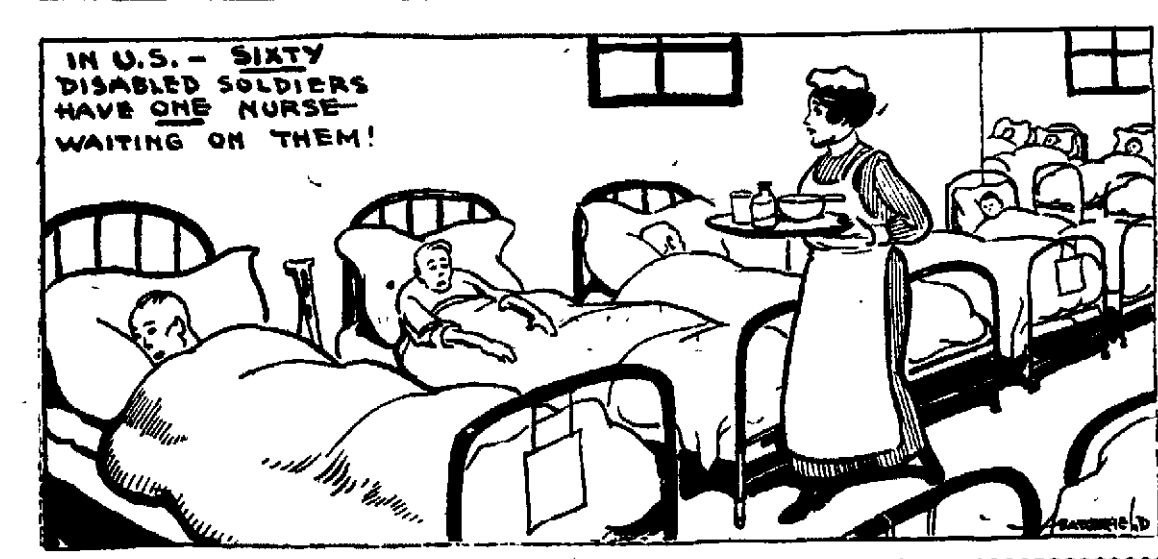

Because of valuable privileges going with the Panama bonds, put out to build and equip the canal, they were issued, some of them at as low an interest rate as 2 per cent, a year and some at 3 per cent. Even on this highly artificial basis of figuring interest the so-called profit on the Panama Canal last year was not half enough to meet the abnormally low interest charge on the Panama Canal bonds and other investment. It was not a quarter enough.

The whole gross receipts of the Panama Canal last year—some \$8,935,371—even if not a red copper had been deducted for operating expenses would not have been enough to pay the interest on the Panama Canal debt and other investment of the American people in the gigantic project.

If we figure that any investment should be worth at least the interest which the Government has to pay on Liberty bonds, and if we figure depreciation at a merely nominal rate, and if we virtually ignore sinking fund charges, the Panama Canal, as a business proposition, ought to earn, at the very low rate of 6 per cent, to cover everything, not less than \$20,000,000 a year. This might by a miracle clean up the debts in the course of generations and keep the balance sheet from being "underdressed" all over with red ink figures. It could not do much more.

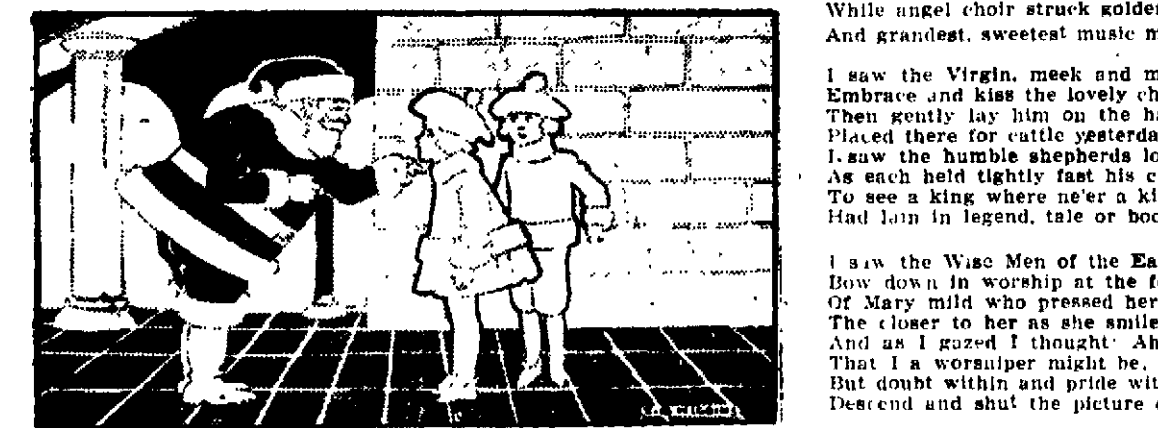

Of course, the Panama Canal never was built to make money directly and openly, like a railroad or a factory or a bank, or a department store. It was conceived and built by wise, far seeing statesmanship, and half a billion of the American people's money was poured into it to confer a great water transportation benefit upon the commerce of this country and of the whole wide world. But for anybody to talk of an annual profit of more than two and a third millions of dollars coming out of the canal when the actual loss can be measured anywhere from twenty to forty millions of dollars a year is something of a financial joke.—New York Herald.

VANQUISHED AND VICTORS

ADVENTURES OF THE TWINS
By Oliver Roberts Barton.

THE CHRISTMAS ELVES
Santa Claus made another bow to the twins and laid his hand over his heart, but really it looked quite a lot as though he had a tummy ache. "If you're the helpers the Fairy Queen sent," smiled Santa, "you're welcome about a million times."

"If you're the helpers the Fairy Queen sent," smiled Santa, "you're welcome about a million times." What are your names, may I ask? "Nancy and Nick," spoke up the little boy. "Nick what?" asked Santa Claus. "Nick-a-lasi!" said the other. "Why, that's my name," declared Santa Claus much pleased. And when Santa Claus repeated her name he cried out: "That's a fine name, too, for it always makes me think of candies, and I love candies as everyone knows. Little Nancy Elfincoat—" he began to hum. Suddenly he reached out a chubby hand and touched a button. Instantly a thousand candles flamed up like a thousand bright stars, and before they knew it the twins were in the midst of a company of tumbling, jolly little Christmas elves, laughing and dancing and singing this song: "Curly heads snuggle on downy white pillows, Where dollys say 'Mama and duckles say 'Quack' And a hobby-horse offers a ride on his back Where dollys say 'Bow-wow' and kitties go 'Me-ow' And old Jack-in-the Box makes a spring out at you. The drum gives a 'Boom' and the horn blows a 'Squeak' And the thing-a-m-a-jig gives your nose quite a tweak. Tin soldiers with guns have a stave straight look. And goodness, why there is another new look! What a host of surprises in Sugar-loaf Land. Where ducks swim on mirrors and cotton's the sand!" Nancy and Nick clapped their hands with delight.

CHRISTMAS APPEAL FOR RESTORATION OF GOOD WILL AND CONFIDENCE IN STATE

The spirit of Christmas is already in the air! Going down the street we can be seen on every hand evidence that Old Santa will soon leave his home in the land of ice and snow, to visit us once more. The show windows of all the business houses are filled with Christmas offerings. Toys for the kiddies, that make every little boy wish he had some just like them, and gifts of all kinds for grown-ups, make us wish our pocket books were a little fatter this year than ever before. The Christmas season brings with it a feeling of joy and good will to everyone. Let us for the time being forget petty jealousies and spite, and broaden the spirit of love and fellowship that should prevail in both city and country. Let the businessman and the farmer see that neither can get along without the other, that each is necessary to the other's welfare. Let us forget our little differences and join hands in working for the progress and upbuilding of our state. Florence Borner.

With the Movies
ELTINGE
The heavy role of Tierney in William S. Hart's newest Paramount picture, "The Cradle of Courage," which will be shown at the Eltinge theatre Friday is portrayed by Thomas Santachi, who is recognized as one of the most capable actors on the screen today. He has appeared in motion pictures for many years and it was he who, with William Farnum in "The Spoilers," fought what is regarded as the classic of all film fights. Mr. Santachi has played many prominent roles, but never it is said has he had a more striking part than that of a crook gang leader, provided for him in this picture, which was adapted by Lambert Hillner, who also directed it. The photography was by Joe August. A. S. C. This is Mr. Santachi's first appearance in a Hart picture. Ann Little is the leading woman and the support generally is of the highest grade.
If your Engine needs Regrinding, new Pistons, Rings or Pins, Let us do it, we do nothing but accurate work. Bismarck Foundry and Welding Co.

SON, YOU'RE LOOKING FINE

The Most Glorious Sensation of All Is to Get Back Into the Game

Ask anyone whose nerves seemed to have gone to smash and the last atom of iron apparently burned out of the blood, how it feels to come back. Ask the host of men and women who have used Reolo. Here is one of the most astonishing reconstructive influences ever devised. It is a marvel for the many ways it seems to act. And it acts almost at once. Safe, harmless, of food value, yet all medicine, it seems to have almost the quality of actual intelligence. It has the power to increase flesh, it enhances the activity of the entire organism, puts iron in the blood, lots of it, increases red corpuscles enormously, takes the pallor out of the cheeks, contributes to the defense of the body against exhaustion and intensifies the activity of the vital processes to such an extent that you not only look like a winner, you feel it from head to foot. Ask any clerk at Finney's Drug store and any other leading drug store what a host of men and women have gained from this most wonderful reconstructive strengthener. Get a \$1.00 box of Reolo today.

'Tis the voice of our little brothers, Tho on the foreign soil they tread.

'Tis that the claws of winter Hang patiently overhead, Till the little ones of today, Tomorrow be numbered with the dead.

We now must hurry onward While the spirit of Xmas is nigh, And boost this little phrase No more to fade or die. "All my gifts will be alms To purchase food and bread. For the naked shall be clothed, And the hungry shall be fed" Clara Garnier.

RESERVE HEAD GIVES FIGURES ON FARM LOANS

Declares Credits Extended This Year are Far Greater Than Last

Washington, Dec. 23.—Nearly two billion dollars' worth of paper based on production and sales of farm products has been re-discounted by federal reserve banks this year. Governor Harding estimated in a special report sent today to Chairman Gronna of the senate agricultural committee. The amount of such re-discounts in 1919 was estimated at \$719,266,000, Mr. Harding reported. The figures include 11 districts as there was no report from the New York reserve bank. Figures given on the amount of credits show 1919, \$75,000,000; 1920, \$225,000,000. "The special figures furnished by the federal reserve banks in accordance with your request," said Governor Harding's letter, "are in all cases estimate, no exact figures," being available at the federal reserve banks. "This does not answer the information asked for by the committee," said Chairman Gronna. "The statement that I made in the senate stands, namely, that the board does not know the amount of money loaned to farmers."

Does It Pay to Worry About Appendicitis?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-Ika, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation! It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-Ika brought out. Jos. Breslow.

Do you remember the fight in "The Spoilers"

between Wm. Farnum and Thomas Santachi? We can promise you almost the impossible, an even better one between Wm. Hart and Thomas Santachi in "The Cradle of Courage." Watch for the date and Theatre showing.

DOINGS OF THE DUFFS

LABOR AND LIVING CHEAP IN HAYTI; FAVORITE DISH OF NATIVES CHICKEN

Port Au Prince, Dec. 23.—Labor and living are cheap in Hayti. There is a hotel in Port au Prince, rated as the best, that charges only \$4.00 a day for a room and three square meals. True, the rooms are small, with the ancient wash-bowl, and unlocked, but they are clean and comfortable. The same meals could not be obtained anywhere else in the United States at double the price. Lunch is a regular dinner and dinner is much like an eight-course feast. They never serve less than two, or three meals, when two, according to the American habit would be enough. There is fruit in abundance in Hayti, and a boy standing on the front porch overlooking the sea, often picks the breakfast oranges.

The favorite dish is the chicken served 365 days in the year, without the least variation. Nobody ever gets tired of seeing a chicken after staying three weeks in Hayti. A Haytian boy, waiting faithfully on a guest for 21 meals beams his delight when tipped three gourdes, which is sixty cents. The maid, whose chief duty is to spread the mosquito net, almost drops to her knees for the same fee weekly. The boy who fetches the water and takes the shoes gladly slips a man extra towels for three gourdes a week.

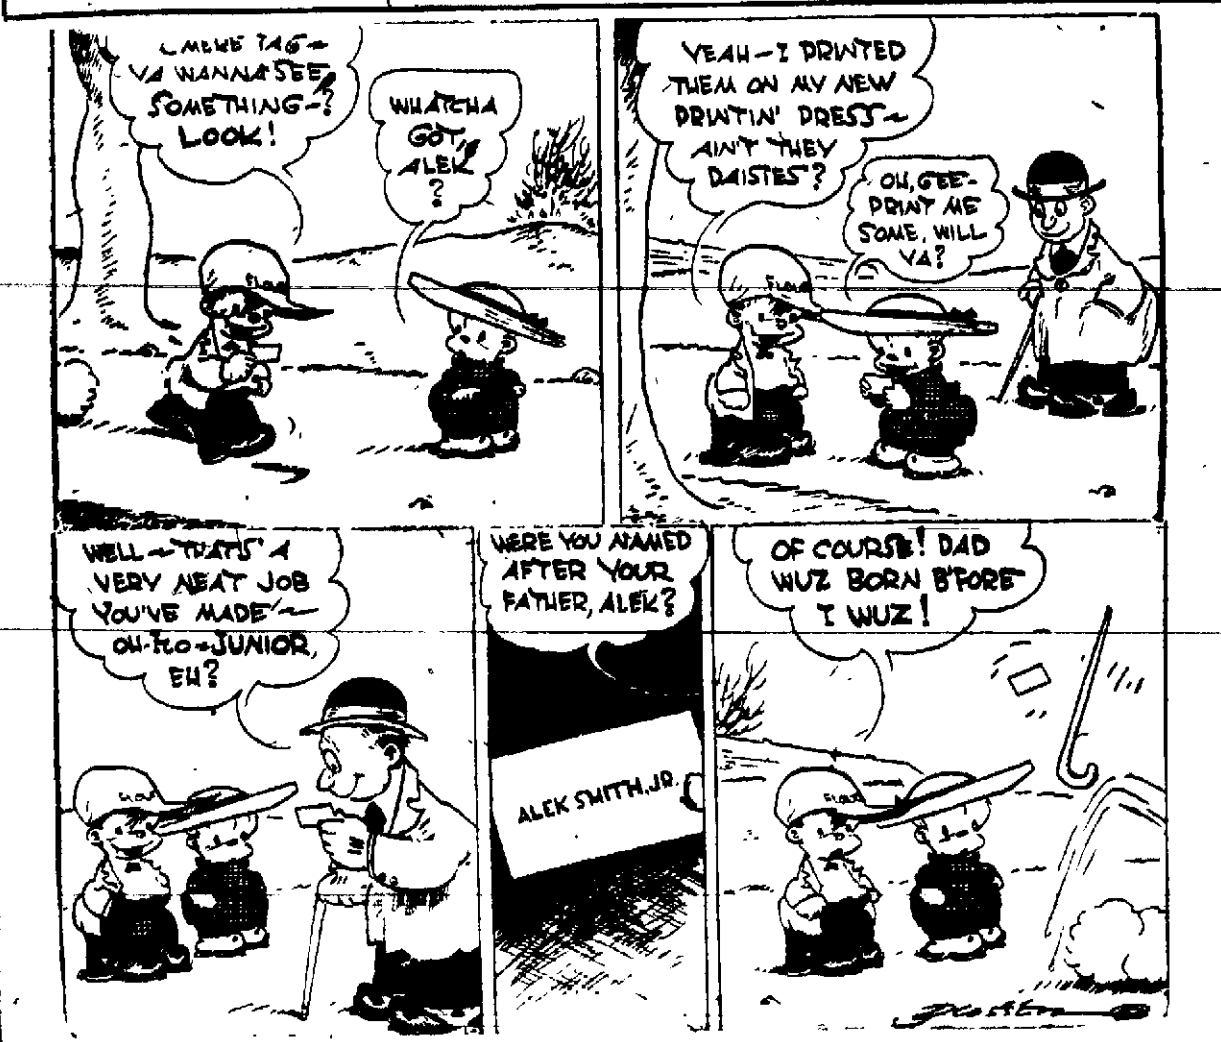

Laundry at American rates would cost more than room and board in Hayti if there were laundries. There is much to go out from each room daily to washerwomen, and it comes back spick and span at nominal cost. But Hayti has not reached the point where it may bid for tourist travel. A man stopping at the best hotel here for the first time, feels rather foolish when he asks for room and bath and is conducted to a little house to rest away where he may get a shower. It is a hard life for women. The best, however, is in sharp contrast with the worst for the laborer gets twenty cents a day, and thousands of natives live only on fruit that grows wild everywhere, the year round, like the toses.

STRIKING DEMONSTRATION OF DEVOTION TO D'ANNUNZIO GIVEN BY HIS TROOPS

Fiume, Dec. 23.—A striking demonstration of the devotion of d'Annunzio's troops to their leader was given here on the occasion of the celebration of the second anniversary of the victory of Italian arms in the war. The poet "commander" as everyone calls d'Annunzio here, occupied a box in the Fenice theater where the celebration was held. His arrival was heralded by bugle call and his appearance was a signal for a thunderstorm of applause and cries of "Viva il Comandante".

When two others had addressed the Fiumians who crowded the theater, another blast of bugles made everyone turn to the box where d'Annunzio stood in the uniform of an Italian cavalry officer. It would be a hopeless task to attempt to give a pale idea of the enthusiasm of the crowd. Everyone rose to his feet and the theater resounded with the d'Annunzian cry of "Eja, Eja, Alala" from thousands of throats while flowers

Freckles and His Friends

HAVE SEA FLAVOR

Nautical Expressions Common in Old Nantucket.

May Seem Somewhat Odd to the Visitor, but Are Used by the Natives, Without Thought of Any Incongruity.

The widow of a Newburyport sea captain—she had once brought his ship to port herself, when he was incapacitated by injuries received in a typhoon—was long the joy of an old-fashioned boarding house whose other residents were chiefly quiet maiden ladies, because of her breezy manner, loud voice and oddly nautical turns of expression. She would invite a fellow boarder across the narrow table to pass the butter in tones suited rather to hailing the masthead in a gale. Every spring her store of foreign sweetmeats, and jams and jellies compounded of queer tropical fruits, provoked an interruption of small, red ants, which would emerge in endless procession from the crevices in her closet; and every spring she would shout aloud at breakfast her intention to "swab the hull place with file of phenylryn" and then calk every draught crack.

Judge John C. Crosby of the Massachusetts Supreme court, an authority on the history and customs of quaint Nantucket, has recently given some interesting instances of the adaptation there of nautical terms to landward uses. Whether or not the inhabitants of the island are the salt of the earth, their manners and speech are enjoyably seasoned by the salt of the sea.

When a man goes to the mainland he is said to "go to America" or to "the continent." This form of expression is in everyday use without any consciousness of its peculiarity.

In Nantucket you don't raise an umbrella; you "set it" like a jib.

A house blind does not work loose; it gets adrift.

"Everything is drawing" means making the most progress. During the last phase of the war you heard that "the allies have got everything drawing."

When one is prepared to "go off" where he is said to be "hoist short" (that is, on his anchor cable) and "ready to trip" (the anchor). Before the Kaiser's flight I was told that he was "hoist short and about ready to trip."

Instead of saying that a man is used up or "all in," they say that he is "fin out" (like a dying whale): "I was nearly fin out with the influenza."

I once heard it said of an extravagant man on the island, who spent more than his income, that he had "two lumps burning and no ship at sea."

When Obed Macy, who wrote the history of whaling in 1837, drafted his will in the year 1841, he inserted the following clauses, which are characteristic of the nautical expressions of the natives: "I have cruised with a wife, Huldah Jane, since 1811. We signed articles in town before the preacher on Independence day. I want her and my son, Jotham, to be captain and mate in bringing to port whatever I leave and see that every one of the crew gets the lay as well down on this paper. I put mother in command. I know where he captain anyway, for six months after we started on our life cruise I found out that I was mate and she was master. I don't mean that she ever mulined, but I know that whenever we didn't agree she always unmoored to standard."

"I'm, I want mother to have the house on Union street till she goes ashore. Then I want it to go to the children in equal lays, etc."

Not long ago the following notice was published in the local Nantucket newspaper:

"The thief who stole a jug of oil from the life-saving station on Great Point on Sunday last is requested to return the jug to the place which he took it and he may keep the oil to light his crime-stained steps through purgatory. And no questions will be asked by Caleb Cushman, superintendent."—Youth's Companion

AMERICA'S AID HELD NECESSARY FOR THE LEAGUE

London, Dec. 23.—David Lloyd George, the prime minister, presiding at a luncheon given today in the House of Commons to the Dominion and British delegates to the recent league of nations assembly in Geneva, declared the league would never achieve real progress until all the nations were represented.

Mr. Lloyd George said he looked forward hopefully to the United States coming into the league. This, he asserted, was essential

By Blosser

To Strengthen Steel.
Cincinnati is one of six places in the world where steel is strengthened by being boiled in oil. Recently a plant in Carthage, a steel shaft weighing 30,000 pounds, the largest piece ever subjected to the new method went through the process of being strengthened. It was a "hollow-nosed timber shaft" for use in designing work in California, costing about \$17,000. The great shaft was first suspended in an upright furnace until heated to just below the melting point. A crane then picked it up and dropped it into a huge well of oil, where it boiled and spluttered, throwing out clouds of oily mist.

Some of the Hind.
An Indianapolis man says that recently he took home some honey with quite a bit of comb in it.

Naturally the smallest boy desired some bread and butter and honey, but in asking for it, said: "I want some bread and butter and some honey, and I want some of the hind, too."

World's Currency.
From official data supplied by the director of the mint, the monetary stocks of fifty-six of the principal countries of the world have been estimated in terms of American dollars. The computation shows the money of the world to be approximately \$26,636,000,000.

A Little Variety.
"You seem very much interested in the coming campaign," "I am," said the musician, "I'm glad to hear the hands playing something that keeps people marching straight ahead for a while instead of dancing."

WORLD'S TITLE BOUT HANDLED BY N. Y. WOMAN

Miss Anne Morgan Promoting
Bout Between Benny Leon-
ard and Mitchell

RICKARD TAKES SEAT

BY DEAN SNYDER

Tex Rickard will take a back seat on Jan. 14. A woman will be promoting a world's championship fight at his garden that evening.

Benny Leonard will defend his lightweight title against Richie Mitchell of Milwaukee. The purse of \$60,000 will be split 40 to Benny and 60 to Mitchell.

What's left over goes to the fund for the devastated in France, 3000 miles away.

Miss Anne Morgan, of the J. P. Morgan family, chairman of the charity fund, supplied the big idea. It's the first time a member of the gentler sex ever got into the big league game of backing a championship match in the times of high finance.

Tex is for it. This woman has accomplished what Tex couldn't do himself—namely, getting Leonard and Mitchell together. He tried by personal interview. Stacks of letters and wire correspondence have been interchanged in futile dickering. He even had Billy Gibson issue his challenge to the Milwaukeean by long distance telephone to no avail. The match was a hang-up thing and looked like it might drift over into Jersey.

When the proposition to have the boys fight over the fifteen route to decision for the cause of charity was stuck under Rickard's eye, he fell for it.

Cause True Blue. Miss Morgan has assumed a proposition that would stagger a lot of fellows in the promotion game. But the cause she is backing is true blue and there's a method in her madness.

Tickets for box seats will be sold at auction at one of the big hotels. Some of those pasted on will bring in the large figure money. Charity and boxing are linked together in this.

Even if the helping hand idea was not mixed up the show of Leonard and Mitchell would call in plenty of customers.

Gives Garden Free. Rickard showed he was a regular fellow by donating his gold garden for the show. Also he will aid in making the card an interesting one by supplying the warm-up bouts.

Associated with Miss Morgan are Colonel Arthur Woods, former police commissioner of New York; Louis Stoddard, famous polo player, and Otto B. Fuhler. The latter is a great admirer and friend of the champion.

Mitchell was backed by Leonard on April 19, 1917, at Milwaukee in seven rounds. It was a spirited battle. The Mitchell of today is much better man than the Mitchell of 1917.

Richie is Wiser. Richie has acquired much ring cunning since then. A careful build-up-business has made him a finished man. Milwaukee would give its right eye to stage this party.

But since the town generally is what it wants because it pays, and pays so many ways, it gets the Christmas present.

Annie Morgan has shown excellent business sense. The fund for the devastated of France is likely to get a big boost.

The fact which Tex Rickard lacked to get Mitchell in the ring with the champion at figures and weights suitable to both, Miss Morgan has supplied.

So give the promoter credit for being a good show woman. She didn't pick a bloomer act—but a headliner of the first water.

To Cure a Cold in One Day. Take three LAXATIVE BROWN Ointment tablets. The genuine bears signature of D. W. Groves. 30c.

Jameson, N. D., Dec. 23.—Fr ends of Raleigh Park, of Pineau claim that he is the victim of the "meanest thief."

For several years he has suffered by having crops stolen or they have suffered from lack of rain. His wife was in the hospital for several months and he was left to care for three little girls.

Recently his house burned. All he saved was a suit of clothes and an overcoat.

The suit and overcoat he placed in a bureau and the meanest thief stole them.

\$60,000

BENNY LEONARD

RICHELIE MITCHELL

Benny Leonard will get \$40,000 and Richie Mitchell \$20,000 of the \$60,000 purse offered for their Madison Square garden fight.

MANDAN DEFEATS GLEN DIVE HIGH

Montana Team Suffers Third
Straight Defeat in North
Dakota

Glendive high school finished its invasion into North Dakota last night with its third straight defeat at the hands of Mandan. The score being 17 to 13. The game was hard fought all the way and in doubt until near the last. Following the game a dance was given for the visiting team.

Glendive met Dickinson in the first game Monday night losing by a score reported by Dickinson as 24 to 19 and by Glendive as 24 to 21. Bismarck took the Glendive team to a 28 to 15 trouncing and Mandan finished the disastrous trip.

ITALIANS BEGIN FIUME BLOCKADE

Fighting May Result From Op-
erations Against d'An-
nunzio

Udine, Italy, Dec. 23.—Fiume the stronghold of Capt. Gabriele d'Annunzio, the insurgent Italian leader, is being besieged by regular Italian forces.

London, Dec. 23.—Italian government forces, under General Cavaglia, and Admiral Miller have established a close blockade of Fiume by land and sea and it seemed possible today that fighting might be taking place.

Conditions of recognized gravity have arisen since Capt. Gabriele d'Annunzio announced he would resist enforcement of the treaty of Rapallo.

Upkeep is High. BOSTON.—It costs a lot to develop a football team. This item from the Harvard cash register for \$41,847.81 during the year just closed. That includes the trip to the coast for the Oregon game. The Crimson athletic fund shows a deficit of \$6,000.

Bennah's Bouquet. NEW YORK.—After Benny Leonard saw Jack Dempsey hit Bill Brennan he told the champion he wouldn't take one of his punches for all the money in the world. Some bouquet that was.

'MEANEST THIEF' TAKES CLOTHES. Jameson, N. D., Dec. 23.—Fr ends of Raleigh Park, of Pineau claim that he is the victim of the "meanest thief."

For several years he has suffered by having crops stolen or they have suffered from lack of rain. His wife was in the hospital for several months and he was left to care for three little girls.

NATION JOINS TO CELEBRATE FIRST LANDING

Arrival of Pilgrim Fathers to Be
Honored by Unique
Exercises

EPIC AGAIN RETOLD

300th Anniversary Commem-
orated on Very Spot in
Plymouth

Plymouth, Mass., Dec. 23.—On the shores of Plymouth today, where the breaking waves dashed high when the Pilgrims first landed on Plymouth Rock on December 21, 1620, their descendants joined with other descendants of the generation in America, Great Britain and Holland in observing today with due solemnity the tercentenary of their landing. The occasion was observed by Governor Cabot Lodge, a successor in representation in the Senate from Massachusetts of Daniel Webster, who delivered the famous "Plymouth Oration" at the two hundredth anniversary.

An address was delivered by Governor Calvin Coolidge, vice president-elect, and a poem, "The Pilgrims," was read by Dean Lyman A. Briggs of the faculty of arts and sciences of Harvard University. Hymns appropriate to the occasion were sung, including the "Hymn of the Pilgrims" by Mrs. Felicia Hemans, known to every American school boy and girl for generations.

Senatorial Outline. Senator Lodge gave a scholarly outline of the Pilgrim story and in drawing from it a lesson for present day America he pointed out that "they set a pattern for us, a pattern of life, a pattern of both in body and mind, and tried to reduce the sum of human misery."

"Whatever our faith," he said, "whatever our belief in progress, there can be no purpose for man then to thus deal with the only faith he knows and the fragment of the world he lives in. While the great republic is true in heart and deed to the memory of the Pilgrims of Plymouth it will take no detriment even from the hand of time."

In stately measures Dean Briggs set forth the vision of the Pilgrims and their prayerful determination: "Freedom Thy new-born nation here shall cherish; Grant us Thy covenant, unchanging, sure; Earth shall decay, the firmament shall perish; Freedom and Truth, immortal shall endure."

The answer of their descendants to this challenge came in these words: "The Pilgrim's faith, the Pilgrim's courage grant us; Still shines the truth that for the Pilgrim shone: We are his seed, nor life nor death shall daunt us."

The great act, in the small, high class of "decisive events due to the actual doors of great deeds." Cheaply, I think we can, Jamestown and Plymouth were the cornerstones of the foundation upon which the great fabric of the United States has been built up.

The Senator quoted from modern philosophers of Europe words which he said were a fine negation of what the nineteenth century devoutly believed. "In our country," he said, "there is a stronger hope in the popular conception of progress, and better apparent grounds for it, perhaps, than in any other; but as the months have slipped by since the war no observant man can deny that there is a growing doubt—a rising tide of pessimism among those who think the chances of the future. This situation, showing so strongly this tendency of thought in western civilization, is a very solemn one, not to be regarded or lightly brushed aside."

After the formal exercises, the guests of the day were entertained at luncheon. The company of the day they gave over to a pilgrimage to Plymouth Rock. The lot's Hill Perry Ground and other parts of the town intimately connected with the Pilgrim history.

Senator Lodge turned upon the peevish, meaningless objection that if the great men of history had not accomplished the specific deeds attached to their names, "somebody else would have done all these things and continued."

"The might have been" have no claim to celebration. That which alone is entitled to this high honor is what was. The actual deed and the men who did the deed, which "breaks the horizon's level line," not those who did not do it, even if they thought about it, alone deserves honor, reverence and commemoration.

"Can we, then, justly place what happened here at Plymouth, and the men and women to whom we owe

LOLITA ARMOUR HEIRESS BRIDE

LOLITA ARMOUR

The wedding of Miss Lolita Armour and John J. Mitchell Jr. will unite two of the richest families in the world. Lolita is the daughter of J. Ogden Armour, the Chicago meat king. When she was five years old, a \$100,000 operation saved her from being a cripple for life. Mitchell is a former army aviator and son of a millionaire Chicago banker. They have been friends since childhood. During the war they became sweethearts. When this picture was snapped, Lolita was selling doughnuts for charity.

NEITHER IRISH FACTION LIKES HOME RULE BILL

Newspapers Do Not Regard Par-
liament Action as Being
Important

Fighting Continues

Dublin, Dec. 23.—Heavy fighting has taken place between large forces of civilians on one side and soldiers and police on the other in the second day of the battle between the Irish home rule bill by the British parliament is not viewed as especially important by the newspapers here. It is recognized the bill will not be accepted by Ulster or the proponents of the Irish Republic.

The great act, in the small, high class of "decisive events due to the actual doors of great deeds." Cheaply, I think we can, Jamestown and Plymouth were the cornerstones of the foundation upon which the great fabric of the United States has been built up.

LOMAS HARDWARE CO.
MAIN STREET.

The labor question will be the center of discussion during the meeting. Secretary Rutledge said.

A smoker, banquet and visit to the Crookston Farm School are included in the entertainment.

N. D. EDITORS AT MINN. MEET

Crookston, Minn., Dec. 23.—Members who are or were prominent in the national association will be the principal speakers at the annual convention of the Northern Minnesota Editorial association, which will be held in Crookston, Minn., Jan. 20 and 22.

Will Wilkes, president of the National Editorial association and past president of the Northern association, is the retiring secretary of the national organization and life treasurer of the Minnesota association.

W. E. Hodges, past national treasurer will be among the speakers. Governor-elect J. A. G. Fries is also expected to attend and deliver an address.

It is planned to effect a program for more cooperative effort between editors, printers and publishers and the advertising and publicity agencies of the state. Publicity experts of wholesale houses, railway advertising managers, advertising representatives of the newspapers in the Twin Cities of Minneapolis and St. Paul and Duluth and other advertising agencies will be in attendance.

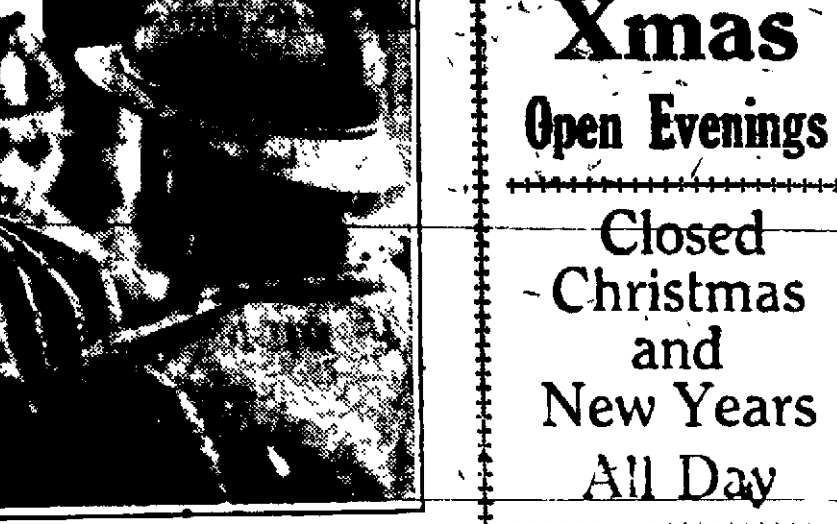

A feature of the meeting is to be a one-minute silent prayer in memoriam of L. M. Mithun, late editor of the Buffalo Journal, who died August 30 last. Mr. Mithun was a delegate from the Tenth district to the Republican national convention.

Secretary Rutledge will read a communication from the late editor's widow in answer to the head member.

North Dakota will be represented by three prominent editors of that state, namely, Norman B. Black, of the Fargo Forum; M. J. Forkner, of the Pioneer and L. J. Bowen, of the Minn. Press.

Dr. C. A. Prosser, director of the Dunwoody Institute, Minneapolis, also will be on the program. He will talk on matters pertaining to the printing and publishing business.

PRINCE BECOMES BUCK PRIVATE

Prince Leopold, eldest son of King Albert of Belgium and heir to the Belgian throne, is now a buck private in a military school in Brussels. His royal papa decided a little strict discipline would better fit the boy to rule some day than the luxurious life in the royal palace. He is seen here, looking very serious, at inspection.
